Price Increase Notification

Dear Valued Customer:

While we attempt to manage costs wherever possible and to minimize price increases to our customers, we find it necessary to increase prices.

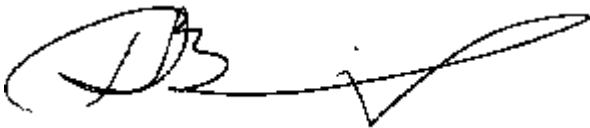

Our efforts to improve productivity, increase efficiency and reduce energy consumption continue to be outpaced by increases in raw material, energy, production, insurance, transportation, labor and general overhead administrative costs.

As a result, we will be increasing our list prices by 7% effective Monday January 23, 2023. All other conditions remain the same at this time.

Our goal is to continue to deliver the best possible Quality and Service with competitive pricing. This increase will allow us to maintain these proven standards.

We wish to take this opportunity to thank you for your continued business and we look forward to serving you in the future.

Sincerely,

A handwritten signature in black ink, appearing to read 'FB', followed by a long horizontal flourish that ends in a small vertical tick.

Frank Bernobich
President
