CERTIFICATE OF COMPLIANCE

This is to certify that the material used in the manufacture of Boltex Mfg Co. forged steel flanges start with a fully killed billet that complies with the requirements of ASTM SA105/A105 and/or ASTM A694, unless otherwise marked.

It is further guaranteed that all Boltex Mfg Co. forged steel flanges adhere to and comply with all dimensions and tolerances in accordance with ASME/ANSI specification B16.36, B16.5, B16.47 & MSS SP-44-2010 as applicable for flanges. Boltex flanges have a surface finish of 125/250 roughness average (Ra) on all full faces and raised face finishes.

All flanges marked SA105 or SA105N will meet NACE MR0175 and/or MRO-103 Latest Revision.

All flanges bearing the "BOLTEX" name have been manufactured in the U.S.A. at our Houston, Texas facility.
